1. ATM Banking System.

This project would be a very good project for me as a beginner . If i explain my project in short , then i can just say that anyone can deposit money in his account from my app, He can also withdraw His money from his account and he will get a notification also what his current balance is and what he has done. He can check his Current balance any time.

2. PROBLEM DOMAIN & MOTIVATIONS

I am highly motivated From real ATM banking system. I Think i can also make this type of thing with my little c programming knowledge.

3. OBJECTIVES/AIMS

My objective to Create ATM Banking System

4. TOOLS & TECHNOLOGIES

Language : C programming

Editor : Code blocks
